Meet the Owner

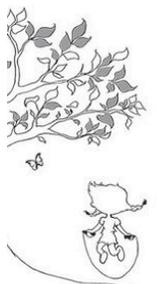

I am a graduate of Bryant College and have co-owned and co-directed the Precious Memories Preschool of Sandy Hollow facilities since October 4, 1999. With Precious Memories Preschool of Sandy Hollow comes a decades old reputation for high-quality childcare, a loving, hard-working staff and a clean, home-like environment. While these qualities will remain the same, I am excited to announce a few changes here at the Sandy Hollow facility. Effective January 10, 2019 I will be the sole owner/director and have decided to slightly alter the name to Precious Memories Preschool of Sandy Hollow. In addition, we have created a new LOGO and mission statement which reads, "Where Inspiration and Imagination Take Flight". Bearing witness to the changes that twenty years brings to the childcare business, it has become apparent to me that children need to be encouraged to draw intrinsically from their own, unique feelings, interests, creativity and strength. It has been and will continue to be my intention to bring together an amazingly talented group of people who will not only maintain the hard-earned, trusted reputation here at Sandy Hollow, but will join me in efforts to transcend Precious Memories Preschool of Sandy Hollow to an institution committed to a child's self-advocacy, self-reliance and ultimately self-assurance.

Introduction

Welcome to Precious Memories Preschool of Sandy Hollow. We are a high-quality, detail-oriented preschool committed to providing our families with a clean, well maintained environment, a nurturing and talented staff; as well as, maintaining our long running reputation for excellence in our focus of a child's safety, happiness and growth.

Our idyllic atmosphere is the perfect platform to introduce new and inspiring age-specific activities, learning experiences and outlets for exploration. It is our intention to foster a trusting and loving environment for the children; which in turn, will allow their own unique self-expression and creativity to thrive.

Center Guidelines

- Tuition is due and payable on the first day of each week the child is enrolled in the school regardless of attendance, i.e. sick days, vacation, holidays.
- Adding days will not be allowed unless your account is at a current balance.
- Any tuition payment received after the last day of the week will result in a \$10.00 late fee. After two weeks of non-payment, a conference will be requested, and your child's secured slot will be at risk.
- After two checks returned from the bank for non-sufficient funds payment must be made by money order, bank check or cash.
- A child may be suspended or terminated due to lack of tuition payment.
- No reduction in tuition is made for illness, vacations, holidays, center closings or other withdrawals.
- You are responsible for the days you have registered for.
- Due to staffing and the number of children allowed per day, we **can not** allow for make-up days or switching of scheduled days.

***These guidelines will be strictly enforced.**

Withdrawals

It is the parent's responsibility to submit a written notice two weeks prior to their child's withdrawal from the center. If no advanced written notification is received, parents are held responsible for their child's contracted tuition fee for the two weeks.

Non-Discrimination Policy

"Precious Memories Preschool of Sandy Hollow" does not discriminate on the basis of national origin, race, religion, cultural, heritage, political belief, marital status or disabilities.

Notification of Change of Policy

Parents will be notified, in writing regarding any changes to policy. Notices will also be posted in the entrances of each building and posted on the website as well:

www.preciousmemoriespreschoolofsandyhollow.com

Termination Policy

"Precious Memories Preschool of Sandy Hollow" has the right to terminate a child or family from the center if necessary, at the director's discretion.

The center leaves the discretion up to the directors for termination. The following reasons are included, but not limited to:

- Lack of tuition payment
- Lack of updated physical examination form in child's folder
- Lack of following through on Center Policies
- Lack of maintaining a trusting and healthy relationship with a family.

PRECIOUS MEMORIES PRESCHOOL OF SANDY HOLLOW

Parent – Teacher Relationship

Precious Memories Preschool of Sandy Hollow has an “**Open Door Policy**” so parents are welcome to visit the center at any time without any prior scheduling.

Monthly newsletters are available to keep parents informed of the center’s activities and are available on our website or at the front desk. “Daily Reflections” are utilized at all levels to keep our parents informed daily. They include potty and nap schedules, meal information, along with a glimpse of their day.

Parent conferences are available upon request, if more time is needed than what is allotted at drop off and pick up time.

School Snow Policy

PMP of Sandy Hollow makes every effort to maintain operation during most weather conditions. In the event conditions have been labeled a state of emergency, the center will close for the safety of our children, their families, and our staff. In keeping with this policy, PMP of Sandy Hollow may opt to delay the opening of the center or close earlier in the afternoon, if we feel that conditions are not safe. Any delayed opening will remain in effect unless we have no electricity. All school closings, delays and updates, due to extreme weather conditions will be posted on WVIT/NBC. Beyond posting on WVIT/NBC, we will try our best to change the school voicemail and post on our website preciousmemoriespreschoolofsandyhollow.com.

Precious Memories Preschool of Sandy Hollow Babysitting Policy

This policy is for staff and parents who wish to make arrangements for babysitting **outside** of preschool hours.

We understand that some staff may be approached by parents who wish to employ them for babysitting duties outside of preschool hours, this may include taking the children home from preschool, bringing them to preschool in the morning, and nights and weekends.

At PMP of Sandy Hollow, we have a diligent recruitment procedure to ensure that we employ competent and professional members of staff and uphold our duty to safeguard children. Unique philosophy trainings, paid CPR, first aid and medical administration certification, are all part of our extensive hiring process. We also supply the manpower to retrieve criminal background checks, updated medical requirements and reference checks.

PMP of Sandy Hollow does not have control over the conduct of staff outside of their position of employment, and our duty to safeguard children as above does not extend to private arrangements.

Please Note:

- PMP of Sandy Hollow will not be responsible for any private arrangements or agreements that are made between members of staff and parents/caregivers.
- PMP of Sandy Hollow will not take any responsibility for any health and safety issues, conduct, grievances, or any other claims arising out of the staff member's private arrangements outside of preschool hours.
- In the event that private babysitting duties are viewed to interfere with any aspect of the staff member's employment, we may require that the agreement be terminated.
- Confidentiality of children, other staff members and all clients must be adhered to and respected.
- Parents should be aware that other adults accompanying a babysitter may not have the relevant Criminal Records Bureau clearance, and it may not be appropriate for them to care for children.
- No staff member will take a child from the setting unless they are a named person on the child's enrollment face sheet.
- PMP of Sandy Hollow does not condone families approaching staff for nannying or babysitting services during hours of operation. Intent to do so can result in termination from the center.
- PMP of Sandy Hollow does not condone staff nannying or babysitting during hours of operation. Intent to do so can result in termination from the center.

Programs

We offer a safe and healthy environment with individual programs and with an emphasis on positive character building and self-esteem developing.

The center is equipped for **Infants, Toddlers, Pre-Schoolers, Pre-Kindergartners** and **Before and After-School Children**.

In the **Infant Program**, our staff is mature, responsible and well trained in this area. The philosophy and purpose of the Infant program is to supply all the comforts of home. They receive lots of tender loving care, an important part of the infant's growth and lots of stimulation through activities designed specifically for their age group. The teacher follows each child's individual daily schedule and records any and all growth and development for the parents to review.

The philosophy and purpose of the **Toddler Program** is to foster social interaction and support independence through furthering self-help skills. An inviting, energetic atmosphere contributes to creative play. Our daily schedules offer structure yet are flexible to the individual needs of the children. The toddler curriculum explores and challenges play, social interaction and character building.

The philosophy and purpose of the **Pre-School Program** is to foster social growth and lots of exploration. Challenge is shared between students and teachers to encourage motivation and introduce a commitment to learning. An extensively themed environment, with many opportunities to observe, research and self-express, offers an inspiring atmosphere for both growing and learning.

The philosophy and purpose of the **Pre-Kindergarten Program** is to prepare children socially, emotionally and academically for Kindergarten with use of Connecticut State Frameworks guidelines. The center-based program promotes challenge and self-discipline and encourages self expression and an eagerness to seek and gain knowledge.

The philosophy of the **Before and After School Program** is to supply a secure, comfortable environment to which the children can return from their elementary school. There is time to relax, work on homework and review skills learned at school, hold group discussions and have old-fashioned fun through games and play. Our B&A Program is a place to continue your academic day, with close friends and familiar surroundings; while growing and exploring together.

Throughout these stages, children will form friendships and memories to take with them forever.

PRECIOUS MEMORIES PRESCHOOL OF SANDY HOLLOW

Curriculum

Our activities and room structure reflect our philosophy. Just as the social, emotional and cognitive development of a child overlaps and intertwines, so do the activities and arrangement of the room. Lesson plans and areas of the room are arranged in a distinct pattern, but all parts carry over into other parts. Both are created so the child may interact with the environment. The room also encourages independence and creativity, while preparing children for success and equipped with a passion for learning and a balanced life.

The children move freely throughout the room and may use the materials to meet their needs. Respect for each other and the environment are always encouraged. There is a strong focus on achievement and enthusiasm through teamwork and perseverance.

The center's curriculum is designed for each child's individual growth. Children are grouped according to age and ability. Each day's activities aim to meet; as well as, challenge each of their interests.

The following core values are fostered daily throughout our learning environment.

Achievement
Respect
Responsibility

Team Work
Enthusiasm
Perseverance

Motivation
Systemic Living
Compassion

The following academic skills are positively reinforced:

Numbers	Coloring	Calendar	Cultural Diversity
Letters	Cutting	Holidays	Math and Science
Colors	Gluing	History	Language & Literacy
Shapes	Grouping	Creative Arts	Health & Safety

Equally important and part of each day is "Singing and Sharing Time". This time allows children to express themselves to learn about others and explore their imaginations. Also, part of this "Circle Time" is introduction to basic problem solving. This challenging environment opens the door to independence and cognitive growth.

It is important to know that everything a child does throughout the day is a learning experience and it contributes to their process of development.

PRECIOUS MEMORIES PRESCHOOL OF SANDY HOLLOW

Discipline

Discipline is considered a very important part of a child's education, and it is only through proper discipline that a child is able to learn appropriate from inappropriate.

At the PMP of Sandy Hollow, discipline is administered through positive reinforcement, redirection, and reflection and by setting clear limits. Should a child exhibit inappropriate behavior, he/she is approached by a teacher to discuss the child's behavior. If necessary, the child is then escorted to a designated "reflection" area in the classroom based on the age of the child – no longer than one minute per year. This allows the child to reflect on his/her actions before returning to the group. There is continuous supervision by staff during redirection.

There is: NO Corporal Punishment, including Spanking

NO Cruel or Severe Punishment, Humiliation, Verbal Abuse, or Frightening Punishment

NO Denial of Food as Punishment

NO Punishment for Soiling, Wetting, or Not Using the Toilet

NO Physical Restraints, unless such restraint is necessary to protect the health and safety of the child or other people.

Clothing

It is advised that children wear play clothes to school due to the variety of activities they are involved in, both inside and outside daily. You're more than welcome to keep an extra outfit in your child's cubby for special occasions or for after-school plans.

The center recommends clothing that can be easily handled by the children to foster personal independence in the bathroom and for their comfort throughout the day.

All parents/guardians are required to bring a complete change of clothes, including underwear and socks, to be stored in their child's cubby. All before and after school children should bring a backpack daily for all personal supplies. Please label all children's clothing with their complete name.

Parents/guardians of infants and toddlers are to supply their child's diapers, and any other necessary items. Sanitary wipes are provided by the center. Each child has a cubby supplied by the center for all personal items.

PMP of Sandy Hollow Quality Points

1. **A stimulating Environment:** the classrooms are inviting and challenging without being intimidating. They are cozy, comfortable and offer acceptance and encouragement.
2. **A Variety of Materials:** the classrooms offer a large assortment of gross motor and fine motor activities to enhance the learning process and foster healthy physical and emotional development.
3. **A Productive Environment:** the classrooms operate on a positive level and stimulate learning through a multi-sensory process.
4. **An Organized Approach:** the administration and classroom are highly organized with a strong emphasis on commitment and follow through. The center strives to maintain a controlled atmosphere with defined limits to ensure a comfortable yet safe environment.

Infant Program

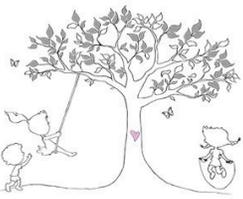

Bringing your new baby to childcare can be a very challenging decision for any parent, especially a new one. At PMP of Sandy Hollow, we make this transition as comfortable as possible for both you and your child. Our main objective is to provide a warm, welcoming and safe environment where your child can thrive and grow to their full potential. Our goal is to create a setting where parents and children feel secure and supported.

In our youngest classrooms, caretakers follow each infant's individual schedule. We try to keep your baby's routine as consistent as possible to your routine at home. This first year of your infant's life is such a time of growth and change; good communication between you and your child's teacher is essential. Parents will have an opportunity to talk to the staff at either drop-off or pick-up time and we have an open-door policy where you may call or pop in at anytime. In our Infant 1 & 2 classrooms the age ranges from six weeks to one year old. Infants receive plenty of tender loving care, floor play, singing, stories and one on one teacher time. Your baby will make new friends, grow and learn in a caring and safe surrounding.

As children grow and develop, they will move to Infant classrooms 3, Pre-Toddler 1 and 2, a daily routine with a snack, midday lunch and afternoon nap are introduced. Children enjoy dance, movement, beginning art projects and a variety of activities that encourage skill building and self-expression. Circle time, dramatic play, and outside activities are also a part of each day's curriculum. Kindness and empathy are emphasized in all classrooms as your children build social skills and lasting friendships.

At PMP of Sandy Hollow, we are able to individualize our program to meet the needs of each child. Teachers will follow your child's daily schedule and all the information from their day will be sent home in the form of a "Daily Reflection".

Birthdays

Birthdays are special at PMP of Sandy Hollow and each child's birthday is acknowledged. Recognition is given through celebration all day, and the class holds special discussion during "Circle Time".

We offer complete birthday parties- see the birthday sign-up sheet in the main office foyer! We provide pizza, cake, cupcakes, brownies, cookies, ice cream, fruit bars, Gogurts, veggie & fruit platters, party themes (for room decorating) to choose from, games, music and special activities. Items may be ordered ala carte or as a complete package.

Health and Safety

- ❖ It is required that each child have an updated physical examination and record of immunizations upon admission to the center. This material is kept confidential in each child's file and **must be updated annually**, as mandated by the Department of Public Health.
- ❖ In the event that a child needs medication administered, the parent or guardian is required to have their pediatrician fill-out a medication authorization form.
- ❖ Any child diagnosed as having a communicable disease is not allowed to attend school and the parents are required to notify the directors immediately.
- ❖ All children's allergies will be posted in the kitchen and in each classroom. We will protect children from exposure to foods, chemicals, or other materials that may cause an allergic reaction.
- ❖ Parent /guardian will be notified by phone of any minor injuries or incidents involving their child that requires first aid. An injury report will be maintained in the child's file.
- ❖ For the safety of the children fire drills are held once a month. This is to demonstrate how to leave the building safely in case of fire or an emergency.
- ❖ The center ensures that all equipment, items and surfaces are washed with disinfectant solution. The sanitizing solution is prepared daily. All such disinfectants are stored in a secure place and out of the reach of children.
- ❖ The following consultants are available to the center at all times: Registered Nurse Consultant, Dental Consultant, Nutritional Consultant and Social Services Consultant.

NOTICE TO ALL PARENTS: We would like to inform parents/guardian that due to severe peanut allergies we are requesting that families not bring in any foods that contain peanuts or peanut butter. We are also asking that you and your child refrain from foods containing peanuts or peanut butter on the days your child attends the center. Thank you for your cooperation! If you have any questions, feel free to see the classroom teachers or administration.

EMERGENCY EVACUATION PROCEDURE

As a precautionary measure, the State of Connecticut has required us to implement an emergency evacuation procedure, in the event of an emergency at Millstone Power Station in Waterford, CT. We have been informed that Precious Memories Preschool of Sandy Hollow falls within the ten-mile emergency planning zone. Therefore, we have been instructed in the steps we need to take to ensure the safety of our staff and your children. In addition, we are registered with the Town of Groton Police Department and through the CT State Police for the most current information of local happenings and emergencies.

What to look for:

- **A steady tone, which lasts for 3 minutes or more, will signal a natural or commercial disaster.**
- **Sirens are not necessarily a signal for evacuation, but an alert to be ready for further instructions or warnings.**
- **Tune in to the emergency alert system on the radio to see if it is an actual emergency and the nature of the situation.**
- **If instructed to evacuate bring along sub folders and attendance and medications.**
- **If it is a weather emergency take shelter and/or remain inside.**
- **Do not use telephones unless it is an emergency.**

***In the event of a nuclear emergency, stay calm, a nuclear disaster actually takes hours or days to develop into a health and safety issue.**

Step 1

If such an emergency arises, our first priority will be to get the children out of the ten-mile range. It has been reviewed and discussed with the Board of Health Licensing Division that all children are to be transported in employee vehicles. Although this does not follow protocol, time is of the essence and evacuation is mandatory for pre-schools in the State of Connecticut that fall within the emergency planning zone. We will evacuate to, Kelly Middle School, 25 Mahan Drive, Norwich, CT 06360. (Please add this address to your GPS) Any changes to this plan will be made available on most local radio and television stations. Local radio will most likely be our best means of communication.

Step 2

The State of Connecticut has also supplied us with Potassium Iodide tablets (KI) to attempt to disperse to the children who are one year old and above once safely en route to our destination. Every teacher over the age of eighteen is qualified to help administer the medication if the need arises. The KI pill is a solid tablet some of the children may have difficulty or refuse to take it and again time is of the essence. We **are not** allowed to administer the pill to any child unless we have a signed consent form from a parent and/or guardian. Please see administration to be sure you have given written permission for the administration of the KI pill.

Teacher Referral Procedure

In the event an ongoing challenge arises within a child emotionally, cognitively and/ or academically the teacher will reach out to the parents for their input. At this point the teacher will also inform administration and together a plan to move forward, with everyone in agreement, is set in place.

Elda Chesebrough is the center's Social Service Consultant.
