New England Science and Sailing: Seaweed and Plants!

On Tuesday, May 13th, New England Science and Sailing will be joining us for a lesson on Seaweed and Plants. We will be looking at plants and what they need to survive. Observe different types of seaweed and plants using magnifying glasses and dissect different types of fruit to discover different types of seeds.

Mystic River Ambulance Visit

On Wednesday, May 21st Mystic River Ambulance will be visiting our preschool. The EMS professionals will read a story, talk about what they do, and give the children a chance to explore a real ambulance up close. Each child will receive a coloring book, crayons, and stickers to take home. It's sure to be a day full of fun, learning, and discovery as we thank our local heroes for the incredible work they do—and for taking time to visit with us!

Fitness Friday with Alisha Bliss!

On Friday, May 23rd Alisha will be visiting our center to teach fun indoor fitness activities. Alisha owns Body By Bliss: Pilates Boutique and Personal Training at the Velvet Mill in Stonington, CT. She has been teaching fitness for over two decades (Barre, weight training, bootcamp and more) and has been specializing in Pilates and special populations (ex: pre and post-natal, spine and hip issues, etc.) for the last decade. Alisha uses her engineering degrees to help engineer bodies of all ages and sizes!
